We're currently implementing 'Easy Tech' at the middle school level, right?

Subject: Connect Tech

Hi Tonya, when I came back to school, I found the following material on my desk and do not know much about them. There was a printed email from June 23, 2005 from Heather Kalista (Glencoe Technology) to you. Subject was TechCONNECT Content Key- San Antonio ISD.
It gives the content key but the expiration date was June 30, 2006. Here's a list of material:

Connected Tech Teacher's Guide with a Getting Started Brochure

User Guides:
6 Standards-Based Activities Booklets: Language Arts, Math, Science, Social Studies
1 TEKS-BASED Activities Booklet on same subjects

My question to you is: do we still use TechCONNECT? If yes, what is the current content key, when does it expire, and is there any training for it?
